Berlitz to Teach Youngsters In Local French Program

The Berlitz School, interested in establishing its new elementary school program in this area, will utilize its famed Berlitz techniques which produce rapid learning of a foreign language. The program has been tailored for youngsters and is completely different from its adult program. The 41 students presently registered in the program will get a bargain rate, since there will be no increase in tuition. The local program is conducted on a non-profit basis.

County school authorities after a special plea by FLAG approved the continuation of the program at the Center and North End Schools under Berlitz on a trial basis for the rest of this year. At the end of that time, consideration will be given to permitting Berlitz to operate permanently here. The three-year-old local language program, which was the first to be started in the county, is part of the county Foreign Language Elementary School (FLES) program sponsored by the County Council of PTA's and guided by the school board. Mrs. Dora Kennedy is foreign language supervisor.

The Greenbelt group, plagued by a high turnover of teachers since the program started, had just lost its third teacher when she recently married and decided to move from the area. By chance, a member of the group - who was browsing through a copy of THE NEW YORKER magazine in a doctor's office - spied the Berlitz ad offering to provide teachers for PTA-sponsored programs.

When questioned, the local Berlitz office showed great interest and indicated its willingness to absorb a loss for the first year in an attempt to get its program started in this area. Berlitz elementary school programs have previously been installed successfully in Ohio, Pennsylvania and California--in some cases as part of the school curriculum.

A male teacher, who has been with the Berlitz organization for 20 years will teach the beginning and advanced French classes now offered locally. He is a native-born Frenchman who has previously taught in the French elementary school system (a requirement for all Berlitz teachers in the elementary program). Only French will be spoken in the classroom, another Berlitz requirement. Berlitz has agreed to follow the Modern Language Association guide, which is approved by county school officials.

In a hearing last week before School Superintendent William S. Schmidt and other school board officials, Cliff Simonson of 8-C Ridge, speaking for FLAG, noted that a better-than-average teacher is needed to keep the program alive in Greenbelt. He pointed out that enrollment in the Greenbelt program has shrunk from 82 to the present 41. Last year both French and Spanish were offered, but Spanish had to be eliminated this year because of lack of interest. Simonson also declared that Berlitz would achieve the same goals as the county-planned program.

Fire, Rescue Squads Install New Officers

The new officers of the Greenbelt Volunteer Fire Department and Rescue Squad were installed at the organization's annual dinner on January 28.

The new officers are: President, V. Dutton; Vice President, R. Mogel; Secretary, G. Wiser; treasurer, B. Kolbenschlager, Chief of Fire Dept. J. Reynolds; Asst. Chief of Fire Dept. P. Williams; Captain of Fire Dept. J. Bordas; Captain of Rescue Squad, G. Clinedinst; Lieutenant of Fire Dept. J. Balsh; Lieutenant of Rescue Squad, P. Reamy. Trustees are V. Dutton, R. Mogel, J. Reynolds, H. Brautigam, T. Snoddy, M. Zoellner and W. Hopkins.

Superintendent of Machinery is H. Ogden and Fire Marshall is H. Wynkoop.

The new officers for the Ladies Auxiliary are: President, Jane Hunt; Vice President, Gloria Atherholt; Secretary, Mary Marcus; Corres. Secretary, Pauline Bordas; Treasurer, Dorothy Miskell; Chaplain, Jackie Shabe; Sgt. at Arms, Maria Snoddy; Historian, Haxel Dinehart.

Chief Reynolds presented a Past President's badge to Marshall Zoellner and Past Chief's badges to V. Dutton and G. Clinedinst. Service stars were presented to T. Snoddy (his second), B. Mogel and P. Rousseau. Past chief Clinedinst presented a Chief's award certificate to past Chief D. Pratt. Pratt recently received his service star from the American Red Cross for twenty years service as a First Aid Instructor. He was also cited for his excellent work in public relations for the company.

Auxiliary President Jane Hunt presented a plaque to Mrs. Maxine Grimm, principal of North End Elementary school and Joseph O'Loughlin, teacher at North End and also a member of the company. This plaque was in recognition of their saving the life of a young boy during a severe attack of asthma, by the use of mouth-to-mouth resuscitation.

President Dutton presented the Outstanding Fireman's award (voted by members and chiefs for the men who have done the most toward progress of the company to Mr. H. (Blackie) Ogden and Mr. James Bordas.

Mayor Kistler addressing the group said that the existence of the new fire house was like a "dream come true," but that it had been accomplished through hard work.

He also noted that the tremendous spirit of the entire community was exemplified most by the men and women of the Greenbelt V.F.D. & R.S., whose services are far beyond any adequate evaluation.

North End PTA Meets Tuesday

The North End PTA will meet on Tuesday, February 7, at 8 p.m. Warren Leddick, Superintendent of Recreation, will speak on the recreation program in Greenbelt, with emphasis on activities in the newly opened Youth Center.

Police News

A number of minor accidents occurred during the week with icy roads being the primary reason. One was on Tuesday near the intersection of Ridge and Westway. In order to clear of an oncoming bus, a woman driver veered slightly to the right and hit a parked car. Damage to the parked car was estimated at \$150.00. On Thursday afternoon, a car, which had been braked to stop behind a car at the stop sign at Southway and Ridge, kept rolling and hit the first car. The same type accident occurred on Friday morning. A driver attempted to stop his car at the stop sign on Westway prior to making a turn onto Crescent. The car continued rolling and hit a car traveling along Crescent. Total damage was given at \$150. Again the same thing happened at Northway and Woodland Way on Sunday. Damage totaled \$200.

On Saturday morning a near accident was reported to police involving a woman pulling two children on a sled and a motorist who nearly backed over the sled because snow on his rear window obscured his rear view. When he stopped his car, his rear tire just touched the sled and the children were not hurt. Chief Williams advises motorists to take the time to clean all the snow from all windows of their autos before driving.

A warrant was served to a man who refused to answer charges that he had backed into a parked car in an out of town incident.

There were numerous parking complaints received at the police office, and cat complaints have also been logged.

587 X-rays Given By Mobile Unit Here

A total of 587 Greenbelters passed through the Mobile X-Ray unit while it was stationed in the Center on January 30 and 31. Sponsored by the Prince Georges County Tuberculosis Association, the roving unit covers three counties - Prince Georges, Montgomery, and Arlington - spending one week out of every month in each county. An estimated 30,000 X-rays are taken every year, said Carlos Rosario, the x-ray technician on duty Tuesday.

About fifteen minutes before official closing time on the final evening, a few persons had to be turned away because the machine had developed a short-circuit.

The clerical work involved is done exclusively by local volunteers from each community visited by the mobile unit. In Greenbelt, the Woman's Club supplied this much needed assistance.

Discuss Youth Center

The Greenbelt Center School P.T.A. will feature a discussion on the new Youth Center, at its meeting on Tuesday, February 7, at 8 p.m. in the school auditorium. Joseph O'Loughlin, Director of the Youth Center, will address the group. He will discuss the idea of youth centers, their organization, the types of activities usually available, and the role of the parents. A question period will follow.

Lions Club Establishes \$600 Scholarship Grant For Greenbelt Student

The Lions Club of Greenbelt has established a four-year scholarship to be awarded annually to a Greenbelt student graduating from High Point High School. W. Scott Sandilands, president of the local club, has announced that the initial scholarship granted this year will be for the amount of \$600. It will go to a Greenbelt boy or girl who would not otherwise receive a college education.

GHI Membership Meeting Scheduled On Elderly Housing

By AL SKOLNIK

A special Greenbelt Homes, Inc. membership meeting has been called for Wednesday, February 22, at the Center School. The major topic on the agenda is the proposed housing for the elderly project to be located in the area behind 30-34 Ridge.

Approval of the membership is needed before the project plans, specifications, and cost estimates can be submitted to the Housing and Home Finance Agency for financing. HHFA will review the site, design, and construction plans to determine that the project is not of elaborate or extravagant design. It must also be determined that costs are reasonable and will permit rentals low enough to meet the pocketbooks of senior citizens.

A turnover of 5 percent of the membership of 75 members is needed for a quorum. Also on the agenda is an appeal by a resident of Plateau Place of a decision by the GHI Board of directors to terminate her membership because of objectionable conduct.

Housing Details

All the details of the elderly housing proposal have not yet been worked out, reported GHI manager Paul Campbell. The corporation hopes to secure a direct 50-year loan from HHFA at 3 1/2 percent interest.

GHI will most likely set up a non-profit subsidiary corporation to operate and control the project. Initially, GHI will have to put up 2% of the development costs, however, since HHFA is permitted to lend only 98%. One possibility is that the GHI land on which the project will be built could be used to meet the 2% requirement. The architect's fee advanced from GHI funds can be covered in the HHFA loan.

The plans submitted by architect Victor Smolen call for 14 one-story buildings, each building consisting of a cluster of 4 self-contained units. Six of the buildings would consist of (Continued on page 4)

The Club has previously made contributions to the Prince Georges County Scholarship Fund, Inc., established in 1956 by the County Council of P.T.A.'s. Last June, however, the idea of a continuing scholarship effort was brought before the Board, and the officers of the club voted to serve the local community directly through a scholarship grant.

The scholarship award, as presented by the Lions Club, will not be restricted to scholastic achievements alone. The primary specification of the grant, although scholastically competitive, is to provide educational assistance to some deserving student from this community.

The scholarship grant offered will follow the lines as specified below:

*Open to any boy or girl who is a resident of Greenbelt at the time of graduation from the public high school serving Greenbelt students.

*Selection of recipient shall be made by the faculty of such public high school serving Greenbelt students. (At the present time this is High Point High School).

*The scholarship will be awarded in the amount of \$600, payable at the rate of \$150 per year subject to such conditions as defined by the Scholarship Committee and approved by the Board of Directors of the Lions Club of Greenbelt.

*The Lions Club will present the scholarship at the annual Awards Night at the high school. Awards Night at the high school, and will take an active interest in the selected student during college.

*The student may choose his school, but it is felt that the scholarship would be particularly helpful for a student planning to attend the University of Maryland or some other Maryland state-supported school.

The scholarship fund was established from the recent sale of fruitcakes by the Lions Club. Final arrangements with High Point High School for the June Award are being completed this month and will be announced to student candidates at some later date. Chairman of the Scholarship Committee is William C. Bevan, Greenbelt Lion and principal of Laurel Junior High School.

AGENDA

COUNCIL OF THE CITY OF GREENBELT, MD.
REGULAR MEETING
FEBRUARY 6, 1961

1. Meeting Called to Order
2. Roll Call
3. Minutes of Previous Regular Meeting, January 23.
4. Petitions and Requests
5. Written Communications
6. Manager's Report
7. Ordinance - Second Reading - Storage of Boats
8. Resolution - Second Reading - Youth Center Policy, and Related Ordinances and Resolutions
9. Resolution - Second Reading - Authorize Use of Verifax Machine on Fee Basis
10. Resolution - Second Reading - Transfer Funds to pay Secretary.
11. Discuss Office Space
12. Resolution - Payment of Overtime for Employees Who Worked December 12, 1960.
13. Ordinance - Levy Special Assessment for Cleaning Commercial Center
14. Discuss Minutes: (1) Preparation, (2) Distribution, (3) Future Meetings of Council
15. Ordinance - Authorize Payment to Contractor
16. Ordinance - Authorize Payment of Miscellaneous Items
17. Resolution - To Transfer Funds within Departments

Vol. 25 No. 27 Thursday, February 2, 1961

The Greenbelt Gardener

Here are a few suggestions for those whose green thumbs are itchy while waiting for spring. House plants in a sunny window brighten the dreary winter scene, but keeping them in prime condition is easier if they have a well-organized place of their own. Unglazed clay pots promote good drainage and avoid the dangers of over-watering--sour soil, lack of oxygen, and rotting and yellowing of foliage. Pots may be placed in a long waterproof box of metal or plastic, and peat moss stuffed between them. When you water, soak the peat moss well. Moisture will seep gradually through the porous walls of the pots, and watering chore can thus be cut down to once a week, or even less.

Most of us know the foliage plants: ferns, philodendrons, snakeplant, and the like. If you yearn for flowers, however, begonias are among the easiest to grow--far more so than African violets. Mine, both red and white, have flowered continually since they were potted up in the fall. In the spring, take cuttings from your begonias. They root easily in a pan of vermiculite sealed inside a plastic bag. They can be planted out in those difficult shady spots in the garden, where they will bloom happily all summer.

Cyclamen is hard to grow from seed, but it is one of the most spectacular of flowering house plants. One five-and-ten in Prince Georges Plaza had prime specimens, full of blooms and buds, priced at \$1.77 a piece last week. The colors were white and various shades of red and purple. I found them irresistible.

Paperwhite narcissus are such easy bulbs for forcing that they are especially good for children. The procedure is simple. Fill a low bowl with any medium that will hold water and anchor the bulbs in place: earth, peat moss, vermiculite, or pebbles. Plant the bulbs so that their top third is visible. Water well, and keep in a cool, dark place until roots are developed (two to three weeks). Then place them in a sunny window and turn the bowls from time to time to prevent the shoots from growing on a slant. Before long you will be rewarded with the dainty, fragrant clusters of white dloves.

February is the time to bring in branches of shrubs and flowering trees for forcing. Cut generous sized branches with plenty of buds. They seem almost to arrange themselves in the vase, and after the flowers are gone, the pale new leaves are also quite decorative. Good for this purpose are: forsythia, apple, cherry, crab, and dogwood, among others.

-D.S.

Birth Certificates

Proof of age in the form of a birth certificate is an important document for each family member, says Joanne Reitz, extension home management specialist at the University of Maryland.

Maryland citizens can obtain their birth records from the Maryland State Department of Health in Baltimore. Persons born in Baltimore City should apply for a copy of their records at the Baltimore City Health Department.

Many persons born in 1898 and in prior years are now applying for social security benefits. In Maryland, birth registration began that year and records are incomplete for many years after that date. Because of this situation, many Maryland citizens do not have birth records. Those persons should apply directly to the federal agency to prove date of birth.

Federal forms giving requirements for proving age are available from: U. S. Department of Health, Education and Welfare, Social Security Administration,

\$100,000 Addition Planned by Baptists

Members of the Greenbelt Baptist Church voted last Sunday in a special business meeting to engage the Directors Church Bond, Inc., Atlanta, Ga. to direct them in a \$100,000 church building bond program during February 12 through March 5.

The purpose of this program is to permit the church to build an additional educational building adjoining their present structure in order to provide space for a total of 500 at the Sunday School.

The bonds will be issued in \$100, \$250, \$500 and \$1,000 denominations paying 5% simple interest each year. The bonds will mature at various intervals up to 13 1/2 years. These bonds will be available to the church members and interested friends in two or three weeks.

C. J. Cole, vice-president of Directors Church Bonds, Inc. will serve as director of the church bond program.

The building committee will meet on Thursday, February 9, to consider the enlarged preliminary plans being prepared by G. Truman Ward, architect of Vosgeck and Ward, A.I.A., Alexandria, Va. The earliest possible time for construction of the second unit will begin this Spring, at the earliest.

Youth Week

On Saturday, February 4, from 5 to 7 p.m., the youth of Greenbelt Community Church will serve a spaghetti dinner to the general public as part of youth week. Tickets will be available at the door.

As a climax to Youth Week, the youth of Community Church will play host to all Senior High School Protestant Youth in our community and area, at 7 p.m., Sunday. The guest speaker will be the Rev. Charles Gill, pastor of Mowatt Memorial Methodist Church, who will tell of his recent tour to the Far East.

OUR BEST WAY-OF-LIFE INSURANCE

The men of the Army and Air National Guard work as citizens and train as military men to protect our way of life. More than 472,000 strong, they stand at our first line of defense. On a minute's notice, runway alert units are activated... air defense units manning Nike-Ajax bases swing into action... 27 combat divisions prepare for mobilization. But the Guard's protection does not end with its battle function. In peacetime, it is just as ready to cope with disaster... and just as admirably efficient. Today, the citizen-soldiers of the National Guard are better trained than ever before in the 300-year history of the Guard. They are, in every sense, our *Up-to-the-Minute Men*, ever ready to serve, and to serve well, our nation's interest.

THE CITIZEN SOLDIERS OF THE

NATIONAL GUARD

SERVE YOUR COUNTRY...IN YOUR COMMUNITY...IN THE NATIONAL GUARD

Behind Locked Doors

BY RITA FISHER

We had to delay our monthly visit to our friends living behind locked doors at St. Elizabeth's in the month of December, due to snow and ice on the roads. We regretted doing this especially since this was the Wednesday before Christmas. However, Christmas was still very much in the air and the decorations still up, when we got there a week later. The women received us without any mention of our being late, which makes me realize how much they have changed. They have faith that we will come, and seemed to accept the fact that the weather made the trip unwise. Only six of us went but with the splendid help of the nurses, things ran smoothly.

We brought gifts of a box of powder and powder puff for each of the women. Each also received little artificial poinsettias, which were made and donated by Greenbelt's Golden Agers. We could not accept the gifts that were offered to us by others because our policy has been to bring the same item for each patient so that no one feels slighted. We played Bingo as usual, and took note of the few new faces that we seem to find every month.

There is a patient there who, to all outward appearance, cannot hear or speak. But I have heard her speak, and one of our ladies, who sat with her every month, has spoken to her and received answers. I have seen this patient "clam up" when a nurse was near. Something happened in December which made me realize that I spoke too soon. We had just started to play Bingo and as the first number was called, I noticed one of our women who was with us for the first time, sitting near the one who "couldn't hear." As I started to inform the woman that the patient couldn't hear and that she would need help, I realized that she had covered the number that had been called without any assistance and it was not possible for her to have read the caller's lips. But, as soon as I said what I did, she looked puzzled and indicated that she needed help to play the game. The minds of

the ill work strangely at times, and she was quick to revert to her inability to hear. The damage had been done.

Twelve of us made the trip in January. Our lovely Greek lady came with us, which made one patient glow with happiness.

Our appeal to the people of Greenbelt is for large size clothing for these women. We seem to receive many lovely things which are enjoyed tremendously by the patients, but there are many disappointed faces when the items they select turn out to be too small for their size. Any large size clothing, from underclothes up, would be really appreciated. Call Mrs. Bernice Mixon if you can help. We also will always welcome new ladies who would like to come with us. It's a wonderful experience for anyone who goes; the gratitude shown by the patients is deeply rewarding. The patients in this ward seem to be quite mild and likeable now, but perhaps that's because I have been going to this same ward for more than two and a half years and the feeling of friendship with many of these women has grown. It seems to me that there are very few left who refuse to recognize us. There aren't any more outbursts or women who carry on loud conversations all by themselves. But even though the challenge for us seems to be to go on to a new place, this cannot be done for fear that all the old ways and habits might return when they realize that our visits have stopped. One thing seems sure in the future for the rest of my days here in Greenbelt. God willing, every third Wednesday of each month will find me on my way to St. Elizabeth's for a little afternoon party. Won't you join us?

MUTUAL FUNDS

May I call at your home and show you a color-sound film on Mutual Funds? No cost or obligation of course. Thank you. Please call GR 4-7941 for appointment.

OUR ADVERTISERS

By Elaine Skolnick Granite 4-6060

It's a girl for Mr. and Mrs. Jack Grabill, 55-A Ridge. Wendy Kathleen made her debut on January 18, weighing 6 lbs. 8 oz. She joins a brother Tad, and a sister Gretchen.

A very happy birthday to Kathy Hoffman, 114 Northway who celebrated her fourteenth birthday.

A speedy recovery to Mrs. Myrtle Dupree, 54-M Ridge, who is in Prince Georges Hospital.

Shirley Levine, 37-G Ridge, is in Washington Hospital Center in Washington Hospital Center. We hope she will be feeling better soon.

Accompanied by Mr. and Mrs. C. Raley, 1-H Laurel, and Mr. and Mrs. J. Maley, 10-M Laurel, the Brownies of Troop .79 had a marvelous time gliding on the ice at the Colonial Plaza Ice-Skating Rink last Saturday.

A very happy birthday to Mark Crowder, 41-B Ridge, who was ten years old on January 31. On Saturday, Mark and his guests will celebrate by bowling and having an ice cream treat at Wileys.

Our Greenbelt Safety Patrols deserve much praise for their performance during the past few weeks. Standing outdoors in the snowy-near-freezing weather has been no easy job. Ignoring chattering teeth and numbed fingers they've stuck to their posts guiding our school children safely across the streets. During last Thursday's howling storm, many of them trudged through the snow and knocked on doors with the message - "Do not return after lunch. School is closed for the day."

Congratulations to Carolyn Ann Rowley, 16-C Crescent, who was named to the Dean's List at Eastern Baptist College, in St. David, Pennsylvania.

Birthday greetings to Eileen Moore, who celebrated her ninth birthday on January 23.

Mary nn Yeager, daughter of Mr. and Mrs. Harold Yeager (Mrs. Yeager is Center School's 3rd grade teacher) of University Park has made the Dean's List at Eastern Nazarene, in Quincy, Massachusetts.

Welcome back to City Clerk Mrs. Winfield McCamy, who is on the job again after a month's hospitalization.

Mrs. Bernice Rowley, 16-C Crescent, announces the engagement of her daughter Carolyn Ann to Calvin G. Best, son of Mr. and Mrs. Richard Best of East Keansburg, New Jersey. Miss Rowley is a sophomore at Eastern Baptist College and Mr. Best a senior.

JCC History Course

A ten week course in the History of Judaism will be offered at the Jewish Community Center, Ridge and Westway Roads. Dr. Abraham Hirsch, associated with American University's Institute of International Relations, will instruct.

Words and Music

By HARRY ZUBKOFF

THE LONGEST DAY

Cornelius Ryan's best selling re-creation of D-Day, THE LONGEST DAY, published as a 50 cent Crest paperback by Fawcett, is the story of June 6, 1944, when the largest armada the world had ever known (almost five thousand ships) approached the Normandy coast and began to land its more than two hundred thousand Allied soldiers. It is told by Mr. Ryan through hundreds of vivid personal stories and interesting facts concerning the action.

Through previously unavailable personal letters, captured German war diaries, and bales of other military documents, Mr. Ryan has uncovered many new facts. He discloses such sidelights as the five crossword puzzles in The London Daily Telegraph which contained the key words of the invasion, the mysterious envelope which burst open in a Chicago post office, dumping out the plans for D-Day, and the decoding by a German intelligence officer of the Allied message to the French underground announcing the time of invasion.

Transcendental Violin Playing

BACH: Violin Concerto No. 2 in E Major.

VIVALDI: Violin Concerto in G Minor, OP. 12, NO. 1.

NARDINI: Violin Concerto in E Minor.

Mischa Elman, violin; Vienna State Opera Orchestra, Vladimir Golschmann conductor. VRS-1059 (Monaural) \$4.98. VSD-2073 (Stereo) \$5.95.

Let the first bars be heard, and anyone familiar at all with the violin art will exclaim, "A tone like that" - it's just not heard any more. Unless it is Elman. These three key contributions of the 18th century to the violinists' repertory have never sounded so beautiful on records, performed as they are with the warmth, nuance and insight that characterizes only the greatest instrumentalists.

Coast Co-op Refunds

70¢ on \$100 Spent

SANTA MONICA, CALIF. (CNS) -- The 1,900 families here who own their own supermarket plan this year to get another 1,000 families to join them in owning and operating it.

To do this they've hired a full-time education director, Robert March, and they're arranging coffee klatches in their homes where they'll invite the neighbors in to get acquainted with the co-op.

They spent \$1,150,000 at the co-op last year -- down 15% from 1959 when a strike-lockout closed most Los Angeles supermarkets but not the co-op. The co-op gained 220 members in 1960.

Members are getting 70¢ back on each \$100 they spent last year at the co-op and 5% dividends on their share investments. With a loan from Mutual Service Insurance Companies, the co-op has bought adjoining lots and increased its land ownership 40%.

Woman's Club News

The regular monthly meeting of the Woman's Club will take place on January 12 at 8 p.m. at the Community Church. At this 21st Birthday party of the club a fashion show is scheduled, including contestants from the Vogue sewing contest. This year for the first time, any member may model a garment made from any pattern and be judged from the local level. Garments that have been made for others may also be modelled. Apparel made from Vogue patterns will be judged by the Vogue contest rules. For further information call Mrs. Lloyd L. Moore, GR 4-6903.

A board meeting will be held on Thursday, February 2 at the home of Mrs. Charles M. McCormack, Jr., 35-H Ridge.

At the Christmas Party in December, a collection of \$50 was taken in place of the exchange of small gifts among members. This was given to the Brookland Child Center in Berwyn.

Youth Center News

BY WARREN LEDDICK

It seems there is some confusion regarding the membership cards for admission to the new Youth Center building. The membership cards the boys and girls are hearing about, and feel they must obtain regardless of age, is a limited membership card for teenagers only. This is a teen-club membership for their admission to the Friday night programs.

All other children, mainly the elementary school children, will be admitted to the special programs set up for them. They will not be required to have a membership card at this time.

I would also like to make clear some of the standing rules which pertain particularly to adults when in the building. One room has been set aside for smoking and the drinking of cokes. This room is the lounge. Smoking is not permitted anywhere else in the building. I would like to inform parents also, that when the Junior Teen Club meets on Friday and Saturday nights in the Youth Center building, smoking is not tolerated.

In the near future, a printed set of rules and regulations will be posted conspicuously for every one to observe and abide by.

Program FEB. 3 - FEB. 9
Teencenter opened for afternoon activities for teenagers from 4 pm - 5:30 pm daily except Friday.

Saturday - Junior Roller Skating 8 pm - 10:30 pm

Friday - Senior Roller Skating 8 pm - 10:45 pm

Friday - Junior Dance 8 pm - 10:30 pm

Saturday - Senior Dance 8 pm - 10:45 pm

Tues. - Women's Slimnastics

Wed - General Roller Skating for all teenagers 7:30 pm - 9 pm.

Thurs - Feb. 9 - Men's gym - volleyball & table tennis

PFC VOIGT IN INAUGURAL

Army PFC Lawrence C. Voigt, 22, son of Mr. and Mrs. Otto C. Voigt, 33-Q Ridge, was a member of a special honor cordon which served during the inauguration ceremonies for President John J. Kennedy in Washington, D.C.

Voigt was one of the 425 outstanding soldiers from Fort Belvoir, Va., selected to line the inauguration parade route.

GHI
(Continued from page 1)

efficiency-type apartments—and 8 of 1-bedroom apartments. It is being hoped that costs can be kept down to \$10 a square foot which would keep rentals in the vicinity of \$60 a month.

Under the HHFA regulations, elderly persons to qualify for occupancy must be 62 years of age. In the case of couples, only one person need be age 62.

Aids Charge Addicts

Mrs. James McManus, wife of an advertising executive in Mill Valley, California, has an idea she hopes will check impulse buying and help keep family budgets balanced. She has organized Charge Accounts Anonymous.

"CAA is patterned after Alcoholics Anonymous," Mrs. McManus said. "When a woman is tempted to go out and charge, she calls a member. We send a friend to talk to her about how much extra charge accounts might cost her. Usually, the tempted one abandons the trip."
